
7. 61-Point Yoga Nidra Meditation

Today I am going to lead you through a 61 point guided meditation, which works deeply on the your nervous system to balance subtle energies and increase your mental harmony. It helps you to sharpen your concentration and shift your attention inward.

Lie somewhere comfortable and make sure that you are warm enough. I will guide you to systematically move your attention through internal points as I mention them.

Allow your awareness to flow to the points without moving any part of your body. Begin with breath. Breath in. Breath out. Observe your abdomen as it rises and falls with the gentle flow of your breath. Now bring your awareness to the:

Center of your eyebrows	4th finger	Right ankle
Center of your throat	5 th finger	Knee
Right shoulder	Left wrist	Hip
Elbow	Elbow	Center of your pelvis
Wrist	Shoulder	Left hip
Right thumb	Center of your throat	Knee
